

# Princess & Tea Parties

Princess & Tea Parties are one of our most popular themes

Every little girl wants to have a princess come to her special party and our princesses bring a magical, creative and charming touch to any event! They sing, dance, play dress up, they tell their own special story from the first person, and answer all the questions that the little guests ask appropriately. Trained as singer, dancers and actresses, as well as being experienced with children and having been trained by director, Lisa Cohen, our princesses are loving, kind and beautiful. As all princesses should be!
